

CV

Shirvan salaminia
cardiac surgeon

❖ Personal Background:

First name: shirvan

Last name: salaminia

Date of Birth: 3.23.1974

Place of Birth: yasuj

Nationality: Iranian

Sex: Male

Marital Status: Married

Children: 2 children; one boy and one girl

Address: yasuj university of medical science, shahid beheshti hospital

Tel, office: +980741224721

E-mail: ssalaminia@yahoo.com and ssalaminia@gmail.com

E-mail: salaminia@sums.ac.ir

❖ Previous and Current Position:

- Fellow of cardiac surgery, Shiraz University of Medical Sciences
- Resident of general surgery, Shiraz University of Medical Sciences
- Faculty member, general surgery, yasuj university of medical science
- Head manager of surgery ward, shahid beheshti hospital, yasuj university of medical science.

❖ Education:

- 2009 - 2012: cardiac surgery, Shiraz University of Medical Sciences
- 2001-2006: general surgery, Shiraz University of Medical Sciences
- 1991-1998: Medical Student, Shiraz University of Medical Sciences

● Honors and Awards:

Ranked as number 2 in the national board of cardiothoracic surgery.

Top 1% of the class of 1998, Shiraz medical school, Shiraz University of Medical Sciences, Shiraz, Iran

● Memberships :

- Iranian Society of Cardiac Surgeons (ISCS)
- Iranian Association of Surgeons (IAS)

❖ Certifications:

- 2010: Shiraz University of Medical Sciences, Workshop on Medical ethics, **Shiraz-Iran**.
- 2011: Iran University of Medical Sciences, , Workshop on pediatric cardiology. **Tehran-Iran**.
- 2011: Iranian society of cardiac surgery and cardiology, news in cardiac surgery and cardiology. **Tehran-iran**
- 1995: Shiraz University of Medical Sciences, Workshop on CPR, **Shiraz-Iran**.
-

❖ Thesis:

- **cardiac surgery:** evaluation of cardiac function by echocardiography and electrocardiography in patients with TGA after arterial switch.
- **General surgery :** stereologic evaluation of the effects of steroid hormones on liver trauma in rat.
- **MD:** the prevalence of urinary tract infection of children in Yasuj city.

❖ Interesting:

- congenital cardiac surgery
- interventional cardiovascular surgery

❖ Publication:

Books:

- نحوه مصرف داروی ضد لخته خون در جراحی قلب

Poster :

Shirvan Salaminia, Shokoufeh Hassannia and Zeinab Alizadeh. Acute Traumatic Aortic Disruption and Right Aortic Arch: A Fatal Diagnosis. 1st congress of clinical cases in complex cardiovascular therapeutics (CCCCT 1), 2-3 June 2016, Shiraz, Iran.

Research projects under work :

- 1) Self assessment study for evaluation of low clinical training efficacy between medical students, Yasuj University of Medical Sciences.
- 2) Serum cholesterol level and coronary heart diseases, meta-Analysis.
- 3) Serum magnesium level in post-op period of cardiac surgery patients and risk of arrhythmia and mortality, a meta-analysis study.
- 4) Fatty liver pathology and correlation with sonographic findings.
- 5) Predictive value of TRISS system in trauma setting.
- 6) The role of CX-Ray in clinical decision making after tube thoracostomy removal among traumatic patients with pneumothorax.
- 7) Diagnostic accuracy of eFAST sonography in chest trauma
- 8) Diagnostic accuracy of plain CX-Ray in chest trauma comparing to sono and CT.
- 9) Role of peritoneal closure in appendectomy.
- 10) Wound complications after two types of skin incision for appendectomy.
- 11) Comparing between PPH and Ferguson hemorrhoidectomy.
