

## Curriculum Vitae

### Personal Details:

First Name: Leila

Last Name: Manzouri

Date of Birth: April 13, 1976

Place of Birth: Isfahan, Iran.

Gender: Female

Marital Status: Married

Nationality: Iranian

**Postal Address:** Yasuj University of  
Medical Sciences, Jalil Ave, Yasuj,  
Iran.

Phone Numbers: +98 74 33235146

E-mails:

[manzouri.leila@yums.ac.ir](mailto:manzouri.leila@yums.ac.ir),

[manzourileila@gmail.com](mailto:manzourileila@gmail.com)

Language Skills: Farsi, English

## **Education:**

### **1- University**

- ✓ Specialty in community & preventive medicine, Isfahan University of Medical Sciences, 2008.
- ✓ M.D, Islamic Azad University of Tehran, 2001.

### **2- Academic Appointments**

- ✓ Assistant Professor of community & preventive medicine, 2013.
- ✓ Associate Professor of community & preventive medicine, 2019.

## **Employment:**

- Head of Department of community Medicine 2017- current
- Head of statistics and information technology office of Yasuj University of Medical Sciences 2017- June 2019
- Academic member, Department of Community Medicine, Faculty of Medicine, Yasuj University of Medical Sciences.

## **Membership:**

- Breast Cancer Study Group , Isfahan University of Medical Sciences 2009
- Applied research Office of provincial Health Center, Isfahan University of Medical Sciences 2010-2011
- Education Council of Faculty of Medicine, Yasuj University of Medical Sciences 2013-current
- Research Council of Faculty of Medicine, Yasuj University of Medical Sciences 2013-current

- Social determinants of Health Research Center, Yasuj University of Medical Sciences 2013-current
- publications Committee, Deputy of research and Technology, Yasuj University of Medical Sciences 2014- current
- Student research Committee, Deputy of research and Technology, Yasuj University of Medical Sciences 2014- current
- Medicinal plants Research Center, Yasuj University of Medical Sciences 2016-current
- Secretary of family Physician Development Program of Yasuj University of Medical Sciences in Shiraz University of Medical Sciences 2015-current
- Scientific & executive committee of clinical competency Exam 2015-current
- Committee of provincial action plan for prevention and control of non-communicable disease and the related risk factors in Kohgiluyeh va Boyer-Ahmad province 2016-current
- Research Priorities Committee of social determinants of health research center of Yasuj University of Medical Sciences 2016-current
- Graduate council of Faculty of Medicine, Yasuj University of Medical Sciences 2015-current

▪

## **Collaboration with Biomedical Journals:**

### **1- Scientific Reviewer**

- ✓ Armaghane-danesh Journal of Yasuj University of Medical Sciences

### **2- Editorial Member**

- ✓ European Journal of Preventive Medicine
- ✓ Strides in Development of Medical Education

## **Awards & Acknowledgements:**

- Appreciation of 4<sup>th</sup> Educational Festival martyr Motahari for documenting and standardization of Professional Services of community medicine about common disease
- Appreciation of Governor-general of Isfahan province for breast cancer screening project
- Appreciation for holding workshop of pre marriage education by provincial health center of Isfahan University of Medical Sciences
- Appreciation for holding workshop of family planning program by ministry of health & medical education
- Appreciation for restarting voice of health by ministry of health & medical education
- Appreciation for holding workshop of qualitative research in health system by provincial health center of Isfahan University of Medical Sciences.

## **SHORT COURSES & WORKSHOPS:**

- Evidenced Based Medicine(EBM), EDC of Isfahan University of Medical Sciences
- Medical scientific writing, EDC of Isfahan University of Medical Sciences
- Knowledge transfer and Exchange(KTE), EDC of Isfahan University of Medical Sciences
- Survey study and constructing questionnaire, EDC of Isfahan University of Medical Sciences
- Research method, EDC of Isfahan University of Medical Sciences
- Strategic planning, EDC of Isfahan University of Medical Sciences
- Qualitative studies in health system, EDC of Isfahan University of Medical Sciences
- End Note software, EDC of Isfahan University of Medical Sciences
- Literature review, EDC of Isfahan University of Medical Sciences
- Elderly healthy life style, EDC of Isfahan University of Medical Sciences
- Principles of treatment of diabetes mellitus in elderly, EDC of Isfahan University of Medical Sciences
- Nutritional assessment in elderly, EDC of Isfahan University of Medical Sciences
- Approach to complication of menopause, EDC of Isfahan University of Medical Sciences
- Common urological diseases in elderly, EDC of Isfahan University of Medical Sciences
- Psychiatry of elderly, EDC of Isfahan University of Medical Sciences
- Common lung diseases in elderly, EDC of Isfahan University of Medical Sciences

- Common gastrointestinal diseases in elderly, EDC of Isfahan University of Medical Sciences
- Breast feeding, provincial health center, Isfahan University of Medical Sciences
- Project management, EDC of Isfahan University of Medical Sciences
- Identification of vulnerable medical students, Yasuj University of Medical Sciences
- Class management and effective education, EDC of Yasuj University of Medical Sciences
- Qualitative studies in health system, EDC of Yasuj University of Medical Sciences
- Instructional Design, EDC of Yasuj University of Medical Sciences
- Research in education, EDC of Yasuj University of Medical Sciences
- Policy brief, Research Council of Yasuj University of Medical Sciences
- Peer review, Research Council of Yasuj University of Medical Sciences
- Educational need assessment, EDC of Yasuj University of Medical Sciences
- Medical journalism, EDC of Yasuj University of Medical Sciences
- Prioritization of research in the field of Social determinants of Health, Social determinants of Health Research Center, Yasuj University of Medical Sciences
- Systematic review and metanalysis, Yasuj University of Medical Sciences.

## PROJECTS :

- Tuberculosis program evaluation in Isfahan district
- Complications, failure rate, and satisfaction of No-scalpel vasectomy in Isfahan health centers
- Effect of individual adjustment on IUD survival according to exponential model in referred women to Isfahan health centers in 2006
- Monitoring of midwifery skills in IUD insertion in Isfahan province in 2010
- Comparison effectiveness and complication of using levonorgestrol and combined OCP as emergency contraception method in Isfahan district
- Prevalence of human papilloma virus in breast masses of referred patients to Seyed-shohada hospital of Isfahan since 2005-2009
- Unwanted pregnancy: causes, preventive strategies and its phisicopsychosocial effects on children and mother health from the perspective of women with history of unwanted pregnancy in Fereidoonshahr of Isfahan province (qualitative study)
- Utilization of standards of counseling from the perspective of referred women family planning services in Isfahan
- Five-years survival rate, recurrence , metastasis and its related factors in referred patients with breast cancer to onchology-radiotherapy ward of Seyed-shohada hospital of Isfahan since 2008-2009
- The results of implementation of thalassemia control program in Isfahan since 1997-2009
- Evaluation of family planning program in Isfahan province in 2011
- Study on the effect of *Matricaria chamomilla* sodden on *Leishmania major* ulcers in Balb/c mice

- Comprehensive Geriatric Assessment of elderly people in Boye-rahmad district in 2015
- Assessing Lifestyle, quality of life and their relative factors in elderly people under coverage of health centers of Boyer-ahmad district in 2014-2015
- Conducting a tool for measuring elderly health literacy and assessing it in Yasuj, Iran
- The study of mother's knowledge score about early childhood caries in Yasuj city in 2014.
- Prevalence of domestic violence against women in Kohgiluyeh-Boyerahmad province in 2015
- Parental knowledge about presence of the first permanent molar tooth and its effect on health and care of the this tooth in 6-8 years-old children (2015)
- Comparison of tubeless PCNL in supine and prone position in Beheshti hospital of Yasuj from 2014-2014.
- Prevalence of hepatitis A in children of Yasuj city 2014-2015
- The Effectiveness of Group training of Parenting on depression, anxiety, stress of Mothers of Children with Attention Deficit /Hyperactivity Disorder
- Effect of N-acetylcysteine on inflammatory and biochemical markers in hemodialysis patients who referred to Shahid Beheshti hospital, Yasuj, Iran in 2015
- Study of predisposing factors for nephrolithiasis and nephrocalcinosis in admitted neonates in hospital Emma sajad yasuj city

- The study of epidemiologic status of susceptible patients to fasciolosis referred to Shahid Mofatteh clinic of Yasuj since Feb 2015 to July 2016
- Prevalence of *Leishmania infantum* infection in rural children less than 10 years old in Boyer Ahmad district in 2015
- Effect of Melatonin on sleep quality and anemia of hemodialysis patients of Yasuj in 2015
- The effect of bio-metal organic framework on expression of *oprD* gene in clinical and standard strains of *Pseudomonas aeruginosa*
- The Effect Of bio-Metal Organic Framework on Expression of *mecA* gene In Clinical and Standard strains of Methicillin-Resistant *Staphylococcus aureus*
- The effect of bio-metal organic framework on expression of *RsaB* gene in clinical and standard strains of *Proteus mirabilis*
- Prevalence of anemia and it's related factors in infants aged 6 months covered by urban health centers of Yasuj in 2016
- Effect of potassium citrate on prevention of urinary stone and nephrocalcinosis formation in admitted neonates to NICU of Imam sajjad hospital of Yasuj city in 2016.
- frequency of Virulence Genes (*algD*, *plcH*, *lasB*) and Resistance (IMP-metalobetalactamase) in *Pseudomonas aeruginosa* strains isolated from patients admitted in Emam sajjad educational hospital in Yasuj and patient admitted in Namazi educational hospital in Shiraz (2016-2017)
- Genotyping of *Escherichia coli* harbouring betalactamase genes (CTX-M-1- CTX-M-3- TEM -SHV) isolated from patients with Urinary tract infection in Yasuj city using ERIC\_PCR method 2014-2015

- Comparison the effect of tamsulosin and lithorex B- tamsulosin on renal colic and expulsion of renal and urinary stones following ESWL in referred patients to Shahid Beheshti hospital of Yasuj in 2014-2015
- Comparison the effect of tele nursing and multi media learning on growth and development of referred infants aged 6-12 months to urban health centers of Yasuj
- Frequency of urinary incontinence and its some related factors in referred women to urology clinic of Yasuj in 2016
- Effect of silymarin and vitamin E on liver enzyme in Non-Alcoholic Steatohepatitis Disease referred to shahid mofatteh clinic of Yasuj,Iran in 2016
- Relationship between polymorphism rs2245214 of ATG5 gene in autophagy pathway and lung cancer
- Comparison the success and complication rate of inguinal and subinguinal varicocelectomy in referred patients to Shahid Beheshti hospital of Yasuj in 2016
- Relationship between Polymorphism of Mevalonate Pathway Farnesyl diphosphate farnesyl transferase 1 and lung Cancer In Shiraz
- Developing a standard tool to assess the health literacy related to Autism Spectrum Disorders
- Evaluation and comparison of performance indicators of covered hospitals by Yasuj University of Medical Sciences with national standards since 2011-2018
- Cross cultural adaptation and assessing the validity and reliability of Health Literacy related to Breast and Cervical Cancer Screening questionnaire

- Prevalence of early childhood caries and its related factors in children aged 2-6 years old in Kohgiluyeh and Boyer-Ahmad province in 2019
- Effect of Helicobacter pylori infection eradication on glomerular filtration rate in referred patients with chronic renal failure to Nephrology clinic of Yasuj from May to June 2017
- Determination the normal range of fetal nose bone in anomaly scans of referred pregnant women to clinics of Yasuj University of Medical Science.
- Effect of intravenous fluid therapy with isotonic and hypotonic fluid on biochemical parameters of admitted patients to Intensive care unit of Imam sajjad hospital in 2017
- Effect of pentoxifylline on inflammatory and biochemical markers of hemodialysis patients
- Comparison the effect of infiltration injection of dexamethasone and methylprednisolone on post endodontic pain in molars with necrosis pulp
- Study of prevalence of autism spectrum disorder in children aged 16\_30 months in Yasuj city in 2017:based on screening
- The association between sleep quality and headache intensity of spinal headache after spinal anesthesia in cesarean section surgeries
- Evaluation of early failure and its related risk factors in people with dental implants attending to the Specialized dental clinic in yasuj frome 2014 to 2016 years
- Frequency of Molar Incisor Hypomineralization and some its related factors in children aged 7-12 years old in Yasuj city in 2017

- Gastrointestinal function, Photophobia and skin color in Multiple Sclerosis patients in Yasuj 2018
- Association between Serum levels of Vitamin D, Lipopolysaccharide and Procalcitonin in patients with Multiple Sclerosis in Yasuj

### **CONFERENCES :**

- Age of first pregnancy and its social related factors in Isfahan province. National conference of social determinant s of health.2015 Yasuj
- Effect of unwanted pregnancy on family health.National conference of qualitative research in health sciences.2015 Yasuj
- Unwanted pregnancy: causes, and preventive methods in view point of women with history of unwanted pregnancy .National conference of qualitative research in health sciences.2015 Yasuj
- Marriage criteria in the view points of medical students of Yasuj University of Medical Sciences.National conference of qualitative research in health sciences.2015 Yasuj
- Benefit and satisfaction of family health services of health centers in Isfahan province. National conference of social determinant s of health.2015 Yasuj
- Prevalence, causes and adverse outcome of anemia in elderly. International congress on blood, disease and clinical administrations.2015 Yasuj
- Prevalence of Domestic Violence Against Women In Yasuj, Iran(2015). 4<sup>rd</sup> international congress of women health. 2015 Shiraz

- Misbelieves about oral contraceptive pills in Isfahan, Iran in 2014. 4<sup>rd</sup> international congress of women health. 2015 Shiraz
- Contraceptive use and unintended pregnancy in Isfahan, Iran in 2012.10<sup>th</sup>uropean menopause and andropause society congress. Madrid 2015
- Comparison the effectiveness and side effects of two methods of emergency contraception: levonorgestrel versus LD, HD. 10<sup>th</sup>uropean menopause and andropause society congress. Madrid 2015
- A randomised controlled trial on climacteric symptoms management and quality of life improvement of Nigella sativa seeds powder in menopausal women. 10<sup>th</sup>uropean menopause and andropause society congress. Madrid 2015
- Evaluation of family planning program in Isfahan, Iran(2012).3<sup>rd</sup> international congress of women health. 2014 Shiraz
- Prevalence of human papilloma virus in benign and malignant breast lesions in 2011 in Isfahan, Iran. 3<sup>rd</sup> international congress of women health. 2014 Shiraz
- Ethics of management .National conference of scientific religion & religious science.2014 yasuj
- Islamic life style National conference of scientific religion & religious science.2014 yasuj
- The place of religion from the perspective of young people in today's world.National conference of scientific religion & religious science. 2014 yasuj

- Misbelieves about intra uterine device in Isfahan, Iran in 2009.2<sup>nd</sup> International congress of reproductive health and family planning.2010 Urmia
- Is emotional adjustment status predictor of the IUD survival? 2<sup>nd</sup> International congress of reproductive health and family planning.2010 Urmia
- Continuation rates and reasons for discontinuing Tcu380 A in Isfahan, Iran. 2<sup>nd</sup> International congress of reproductive health and family planning.2010 Urmia
- The study of complication, satisfaction and failure rate of No-Scalpel Vasectomy in health centers of Isfahan city in 2006. 2<sup>nd</sup> International congress of reproductive health and family planning.2010 Urmia
- Monitoring of midwifery skills in IUD insertion in Isfahan province in 2010. 2<sup>nd</sup> International congress of reproductive health and family planning. 2010 Urmia
- Cause of refer and prevalence of breast cancer in referred wmen to surgical clinic of Seyed-shohada hospital of Isfahan in 2009.3<sup>rd</sup> congress of breast cancer.2010 Tehran
- Pathological report of breast cancer since 2001-2009.Fifth International congress of breast cancer.2009 Tehran
- Prevalence of breast cancer risk factors in referred women to breast cancer study group of Isfahan. Fifth International congress of breast cancer.2009 Tehran
- Evaluation of TB surveillance in Isfahan, Iran 14<sup>th</sup> International congress of Infectious Disease. 2010 Miami, Florida, USA

- The study of prevalence of depression in menopausal women in Isfahan city in 2003. XI congress International Federation of Psychiatric Epidemiology. 2007 Goteborg, Sweden
- The role of Pomegranate in prevention and treatment of elderly prostatic cancer. 3<sup>rd</sup> congress about aging in Iran and world. 2007 Tehran
- Elderly nutritional status in Isfahan in 2007. Aging congress. 2007 Kashan
- Depression and it's related factors in elderly of Isfahan in 2007. Aging congress. 2007 Kashan.
