

Curriculum Vitae

Dr .Asghar Sharifi
Dept of Microbiology
Yasuj University and Medical Science
Iran

Current Status: Prof of Yasuj University of Medical Science Yasuj, Iran.

Education

2005: Ph.D in Bacteriology Pune University Pune India

1993: Master's Degree in Medical Bacteriology from Ahwaz University of Medical Science of Iran:

1984: Bachelor Degree in Medical Technology (Laboratory Science) from Shiraz University of Iran.

Abstract:

Value of urine analysis of women urinary tract infection diagnosis in emergency ward (4th ITEM Qatar) February 24-27, 2008

The role of self-efficacy learning in academic achievement (4th ITEM Qatar) February 24-27,2008

Antimicrobial effect of polysaccharide extract of Ganoderma on microorganisms 19th ECCMID Helsinki,Finland 16-19 may 2009

Antimicrobial activity of *Platano* *Ovata* Forsk on *Staphylococcus aureus* International congress of traditional and complementary medicine 28-31 October 2008

Antimicrobial Activity & Assessment of crude extract of *Phellinus mirrillii* on *Candida albicans* and *Proteus mirabilis*. 74th Annual Meeting Society of Biological Chemists (India) November 7-10, 2005.

The microbiocidal effect of sesquiterpenoid extract of *Phellinus fastuosus* against two microbes: *Proteus mirabilis* and *Candida albicans*. International conference on ethnopharmacology and alternative medicine & fifth annual conference of national society of ethnopharmacology 20-22, January 2006.

Extraction and purification of sesquiterpenoid crude extract from *Phellinus fastuosus* for antimicrobial studies. National Seminar on prospecting fungal diversity in tropical India, its conservation and applications in biotechnology, 28 April 2006.

Susceptibility testing of polysaccharide extraction of *Phellinus* on some human pathogenic microorganisms. International scientific experiences (ISE) (Iran & India), January 20, 2006 Pune-India.

Assessment of infectious disease markers among blood donors in blood bank center in Yasuj Iran the international congress of aids in Bangkok Thailand (2005)

Antimicrobial resistance patterns of urinary tract pathogens in Imam Sajad hospital in Yasuj city for the years 2008 – 2010(4th Iranian congress of clinical Microbiology 9 – 11 November 2010, Isfahan

Study and separation of streptococci group B and antibiotic resistant in pregnant women in Yasuj city (The 4th Asia Pacific congress on controversies in obstetrics gynecology and infertility:building consensus in gynecology,infertility and perinatology

Pomegranate seed oil increases epididymal serum concentration and upregulates testosterone in male rats (The 4th Asia Pacific congress on controversies in obstetrics gynecology and infertility:building consensus in gynecology,infertility and perinatology

A microbiological study of ophthalmia neonatorum in term neonate born in Shahid Beheshti hospital of Yasuj

The assessment of in vitro maturation and embryo development of mouse germinal vesicle oocytes with and without cumulus cell after vitrification 5th world congress on Mild Approaches in Assisted Reproduction May 8-12,2012

Pomegranate seed oil can improve fertilization potency of rat sperm increases epididymal sperm concentration and upregulates testosterone in male Rat 5th world congress on Mild Approaches in Assisted Reproduction May 8-12,2012

Adenylate cyclase of toxin of B.pertusis (CYAA) formulated as protein coated microcrystals(PCMCS) 14th International symposium on Microbial Ecology 19-24 August 2012

Hellicobacter Pylori antibody value investigation in chronic patients with ELISA
30th Annual meeting of the European society for paediatric infectious disease 30 May 8 - 12

Manscription:

[High prevalence of hepatitis C infection among high risk groups in Kohgiluyeh and Boyerahmad Province, Southwest Iran](#)

B Sarkari, O Eilami, A Khosravani, A Sharifi, M Tabatabaee, M Fararouei
Archives of Iranian medicine 15 (5), 268-268

[Hepatitis B Infection among high risk population: a seroepidemiological survey in Southwest of Iran](#)

A Khosravani, B Sarkari, H Negahban, A Sharifi, MA Toori, O Eilami
BMC infectious diseases 12 (1), 1-4

[Sonochemical-solvothermal synthesis of guanine embedded copper based metal-organic framework \(MOF\) and its effect on oprD gene expression in clinical and standard strains of ...](#)
